## Overview

The Retirement Countdown Fund (RCF) is designed and managed to preserve capital. The Fund is mostly invested in liquid money market instruments, which are expected to deliver a similar return to the return objective, before fees. It is one of two funds forming part of a member's Journey Path. The allocation to the RCF increases as a member approaches retirement.

During the quarter, the implementation of the fund's investment strategy was revised to give increased attention to responsible investment.

Over the quarter, the Fund delivered a similar return to the return objective.

The allocation to Responsible Investment (RI) focused instruments currently stands at approximately 70%, which means the Trustee has exceeded its 2021 objective. The RI investments held adhere to strict exclusion policies preventing investment in instruments issued by entities with significant exposure to Fossil Fuels, Thermal Coal, Tobacco and other lines of business. The Fund is currently mostly invested in liquid money market instruments, which are expected to deliver a similar return to the return objective, before fees.

**Journey Path:** The retirement Journey Path is in three phases, from growth, to pre-retirement, to retirement. During the pre-retirement phase the majority of member pension savings are gradually moved from the Diversified Growth Fund (DGF) to the RCF, over a 15-year period. The allocation then remains constant in the retirement phase.

Full details of Journey Path and Fund Objectives are set out in the Statement of Investment Principles, [here](#).

## Description

The RCF typically invests in money market funds, cash deposits and short-dated bonds.

The integration of responsible investment considerations seeks to manage investment risk with the aim of enhancing long-term portfolio returns which is in the best interests of the members and beneficiaries of the Fund.

## Changes over the quarter

The Trustee finalised its strategic investment review and a revised investment strategy began being implemented during the quarter.

The revisions included an update of the responsible investment objective. To achieve this objective, an ESG focused cash fund was added.

## Objectives

### Return objective

To deliver a return equal to the Sterling Overnight Index Average (SONIA) rate consistent with the preservation of capital.

### Risk objective

To minimise the risk of capital loss.

### Responsible Investment objective

The Trustee has set goals as part of its RI objectives:

- Net Zero carbon emissions by 2050, consistent with the Paris Climate Agreement
- At least half of the portfolio's net asset value in investments which support the Trustee's RI beliefs by the end of 2021.
